

WELCOME TO THE NEW 'EUROVENT CERTITA CERTIFICATION' WEBSITE

WHY A RECAST?

Better technical stability

Better user experience

Wider target audience

WEBSITE MISSION

"As a visitor, I want to find a certified product in a simple and intuitive way."

IN FACT, WHAT'S NEW ABOUT IT?

Search engine

- ▶ Product search engine highlighted on the homepage.
- ▶ Certified product families included in the editorial search.
- ▶ Product search engine designed at least according to the "mobile first" principle.
- ▶ Easier and faster access to certified data.

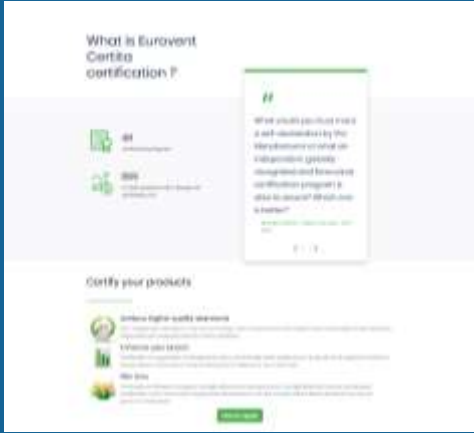

Product presentation

- ▶ New filter banner
- ▶ Choice of a mandatory product type
- ▶ Advanced search criteria
- ▶ Implementation of a model sheet

Navigation

- ▶ New segmentation within the editorial
- ▶ Highlighting of configurators
- ▶ More educational approach to certification
- ▶ User markers

NEW LOOK

The screenshot shows the homepage of Eurovent Certita Certification. At the top, there is a navigation menu with links: About us, Air quality and ventilation, Thermal comfort, Heat pump, Refrigeration, Regulation, Financial incentives, Energy efficiency, and Third party certification. The main header features the Eurovent Certita logo and the text "Eurovent Certita Certification" and "Reliable product performance data for energy-efficient buildings". A central graphic depicts a globe surrounded by various building and energy-related icons. A search engine interface is highlighted with a red dashed border, containing the following elements:

- Find Your Certified Products**
- Please select one product family and one product type.
- Product family (dropdown menu)
- Product type (dropdown menu)
- Brand (dropdown menu)
- Model name / Certificate N (text input field)
- Search (button)
- Let us guide you (button with a plus icon)

At the bottom of the page, there is a section titled "Discover our categories" with the text "Eurovent brings you guaranteed data in the following categories".

HOMEPAGE SEARCH ENGINE

- ▶ Quick access
- ▶ B-to-B-to-C-oriented
- ▶ Speed of use
- ▶ Auto-complete function

The screenshot shows the top navigation bar of the Eurovent Certita Certification website. The navigation menu includes: Air quality and ventilation, Thermal comfort, Heat pump, Refrigeration, Regulation, Financial incentives, Energy efficiency, and Third party certification. The main content area features a large graphic of a globe surrounded by icons representing various building systems and energy sources. The text 'Eurovent Certita Certification' is prominently displayed, along with the tagline 'Reliable product performance data for energy-efficient buildings'. A search box titled 'Find Your Certified Products' is present, with fields for Product family, Product type, Brand, and Model name / Certificate N, and a Search button. Below the search box is a link 'Let us guide you' with a plus icon. At the bottom, there is a section titled 'Discover our categories' with the text 'Eurovent brings you guaranteed data in the following categories'.

TOP MENU

- ▶ About us : ECC presentation page

Help Export CSV Download PPR

- › Help: Explains the use of the buttons in a didactic way.
- › Export CSV: You could select and export all lines you need in the performance table.
- › Download PPR: For the model you selected, you can export the “Product Performance Report” (PPR).
- › You can download directly the PPR by clicking on the logo at the left of your model
- › Navigate between your results: This is another way to select a range available in the results.
